Boutique Air to Begin Air Service at Rapid City Regional Airport

RAPID CITY, S.D. (01/25/2021) – Rapid City Regional Airport (RAP) announced that Boutique Air will begin offering new daily nonstop flights, year-round, from Chadron, Nebraska, to Rapid City beginning February 15, 2021.

Operating one flight per day, it will be flown with an 8 seat Pilatus PC-12 aircraft. The PC-12 is a comfortable and modern aircraft with leather seats, power outlets and an enclosed lavatory. In addition, Boutique Air has added custom soundproofing to the cabin, eliminating the loud noises of larger commercial aircraft.

The new route will provide a great connection to, as well as through, Rapid City for those incoming passengers desiring to travel further east. It also provides a fast and convenient way for travelers to reach Denver with just one stop.

“This is great news for Rapid City and the region.” Patrick Dame, Airport Executive Director, said. “We are excited to partner with Boutique Air with the new daily service offering a win-win for everyone. Good airline service is vital to our economic development and our tourism industry.”

Boutique Air Vice President of Business Operations Brian Kondrad agreed, “We’re very excited to offer Rapid City Regional Airport to our Chadron passengers. Rapid City is the busiest airport in the region and gives our passengers plenty of opportunities to make continuing connections or spend the day conducting business.”

With convenient flight times and low ticket prices, it will be beneficial to all passengers using this service:

Depart Chadron	11:20 AM	Arrive Rapid City	12:00 PM
Depart Rapid City	12:30 PM	Arrive Chadron	1:10 PM

Rapid City Regional Airport now offers year-round nonstop service to the following seven destinations: Chadron, Dallas/Ft. Worth, Denver, Las Vegas, Mesa, Minneapolis, and Salt Lake City. Additional cities will be added for the upcoming summer season. For more information, visit www.rapairport.com.

It is the mission of Rapid City Regional Airport to provide a safe, environmentally responsible and fiscally self-sustainable operation ensuring high quality services and facilities. Our vision is to provide world class transportation service enhancing economic growth.
