

Rod Pettigrew

Rod is a “hometown boy”, born and reared in Rapid City. After a short stint in college, Rod returned home and joined his father in business. Because of Rod’s involvement in various city activities, building projects and running a successful business for many years, Rod brings insights gained from business experience to his board position. Rod has daily contact with his customers and believes he is a boots-on-the-ground person. Rod and his wife Karen enjoy adventurous travel, always looking for the next destination on road less travelled.
