

An Update from Rapid City Regional Airport Regarding COVID-19

As of Monday, March 30, 2020

At Rapid City Regional Airport, your safety is our highest priority. As concerns over the COVID-19 virus continue to grow, we are carefully monitoring the situation. We are working closely with various federal agencies, local emergency management, other airports, and our Mayor's Office to meet our local, state and federal regulations. This situation is quickly evolving and we are making changes as needed to keep our facilities open and safe for our employees, tenants and the traveling public.

Airport Concessions and Services

The airlines, car rental agencies and airport shuttle are operating on a limited basis. The post security restaurant and bar are open with limited grab and go items. ***The pre-secured restaurant and dining room are now closed, along with the post security gift shop.*** Certain necessities can be purchased at the post security restaurant counter.

Airport Flights & Services

Daily flights are operating on a limited basis, however, cancellations and delays may occur. The best source of information for your flight, is with your air carrier:

American: www.aa.com

Delta: www.delta.com

Allegiant: www.allegiantair.com

United: www.united.com

Airport Cleanliness

Having clean facilities is always a high priority for us. In addition to our regular cleaning schedule, we are doing the following:

- *Constant and thorough cleaning and disinfecting of the airport terminal during daytime hours*
- *Overnight sterilization of key touch point areas throughout the facility including but not limited to: handrails, door handles, elevator call buttons, hold room seating areas, trash bins, water fountains, etc.*
- *Installed paper towels and posted informational fliers in public restrooms*

Passenger Resources
