

ADDENDUM NO. 1
REQUEST FOR QUALIFICATIONS FOR
ARCHITECTURAL, ENGINEERING, PLANNING AND CONSULTANT SERVICES
FOR AIRPORT GRANT PROJECTS
RELEASED: October 26, 2020

SCOPE

This addendum forms a part of the contract documents and modifies the specifications and contract documents as further described.

ACKNOWLEDGEMENT

Acknowledge receipt of this addendum in the Proposal Documents on Attachment D – Acknowledgment of Addenda, page 21 of 22.

Please note the following changes or additions to the Proposal Documents. Additional project added to the Contemplated Projects List on page 15:

- Terminal Passenger Queuing Area Improvement Construction and Construction Services.
 - (SOW) This project is currently under design and will improve the passenger queuing area. The improvement to the queuing area will shift the ticket counters into the existing baggage makeup area. Secondary improvements will need to be made to the baggage make-up area of the terminal by providing more space and creating an in-line baggage system. An area has been identified for TSA to screen bags and all conveyors systems will be required to enter and exit the room. After exiting the TSA screening rooms, a baggage pickup carousel will be needed for the baggage to be picked up by the airlines in the bag make-up room.
- Information and updates on this project can be found at:
